GEOMORPHOLOGY

Contents Volume 24, 1998

Vol. 24, No. 1

SPECIAL ISSUE

MEDITERRANEAN EROSION

Preface 1
The erosional response of calcareous soils along a climatological gradient in Southeast Spain
A.C. Imeson, H. Lavee, A. Calvo and A. Cerdà 3
Runoff and erosion processes after a forest fire in Mount Carmel, a Mediterranean area
M. Inbar, M. Tamir and L. Wittenberg 17
MEDALUS soil erosion models for global change
M.J. Kirkby, R. Abrahart, M.D. McMahon, J. Shao and J.B. Thornes 35
Vegetation and soil erosion under a semi-arid Mediterranean climate: a case study from Murcia (Spain)
F. López-Bermúdez, A. Romero-Díaz, J. Martínez-Fernandez and J. Martínez-Fernandez 51
Modelling the geomorphological impact of climatic variability and extreme events in a semi-arid environment
M. Mulligan 59
Importance of surface sealing in the erosion of some soils from a mediterranean climate
M.J. Singer and Y. Le Bissonnais 79
Modelling mass failure in a Mediterranean mountain environment: climatic, geological, topographical and erosional controls
J.B. Thornes and I. Alcántara-Ayala 87

Vol. 24, Nos. 2–3

Research Papers
The vesicular layer and carbonate collars of desert soils and pavements: formation, age and relation to climate change
L.D. McFadden, E.V. McDonald, S.G. Wells, K. Anderson, J. Quade and S.L. Forman 101
Fan-surface dynamics and biogenic calcrete development: Interactions during ultimate phases of fan evolution in the semiarid SE Spain (Murcia)
A.M. Alonso-Zarza, P.G. Silva, J.L. Goy and C. Zazo 147
Controls on modern fan morphology in Calabria, Southern Italy
M. Sorriso-Valvo, L. Antronico and E. Le Pera 169
Testing the tectonic significance of some parameters of longitudinal river profiles: the case of the Ardenne (Belgium, NW Europe)
A. Demoulin 189
The spatial variability of overbank sedimentation on river floodplains
D.E. Walling and Q. He 209
Effects of topography on surface fault geometry and kinematics: examples from the Alps, Italy and Tien Shan, Kazakstan
A. Tibaldi 225
A study of physico-geographical factors for formation of hyperconcentrated flows in the Loess Plateau of China
J. Xu 245

Book Review 257

Newsletter of the International Association of Geomorphologists 259

Vol. 24, No. 4

Research Papers

Morphotectonic evidence from lateral propagation of an active frontal fold; Pakuashan anticline, foothills of Taiwan
B. Delcaillau, B. Deffontaines, L. Floissac, J. Angelier, J. Deramond, P. Souquet, H.T. Chu and J.F. Lee 263

The recent history of erosion and sedimentation on the Southern Tablelands of southeastern Australia: sediment flux dominated by channel incision
R.J. Wasson, R.K. Mazari, B. Starr and G. Clifton 291

The frequency and distribution of recent landslides in three montane tropical regions of Puerto Rico
M.C. Larsen and A.J. Torres-Sánchez 309

The trans-Pacific Chinook Trough megatrend
N.C. Smoot 333

Laboratory experiment and digital simulation of multiple fill-cut terrace formation
T. Mizutani 353
